INTERIORS

Guests are welcomed to an inviting living space tastefully designed by the German studio Birgit Otte Interior and the London-based design firm Bannenberg & Rowell. This unique collaboration resulted in an innovative arrangement of asymmetric interior spaces in which the main saloon, upper saloon and beach club lounge have all been rotated by 30 degrees. This subtle shift delivers a fresh perspective on yachting, offering unique views from every angle. It also imbues the main guest areas on board with a sense of relaxation and elegance.

The interior design palette is soft and contemporary, with iconic Fendi furniture and a bespoke white oak finish offset by carbon fibre and finely crafted details in smoked oak, cream leather and stainless steel. The convivial upper saloon is one of the highlights on board with a dark gloss grand piano and a sculpted American-style bar made of rare white marble and framed in polished steel.
